Steve Rucker  
Commissioner

Jim Barnhart  
Deputy Commissioner

**AGENCY CONTACT MEMORANDUM #2011-0501**

**To:** Agency CIOs, Technical Contacts  
**From:** Steve Rucker, Commissioner  
Commonwealth Office of Technology  
**Date:** May 12, 2011  
**Subject:** Generator testing

The Kentucky Finance & Administration Cabinet's Division of Mechanical Services recently announced it will conduct a scheduled emergency generator test between 2 p.m. and 6 p.m. June 11 on the CHR Campus.

**The test will not affect services at the Commonwealth Data Center.** The CDC has redundant back-up units providing electrical power in the event of an outage, and all equipment housed within the facility will remain powered and operable during testing.

Commonwealth Office of Technology equipment housed within the Kentucky Cabinet for Health and Family Services Building, Health Services Building or Jones Building will also remain operational via uninterruptible power systems or it will be powered down.

If you have any questions about this scheduled test, please contact the Commonwealth Service Desk at (502) 564-7576 or [commonwealthservicedesk@ky.gov](mailto:commonwealthservicedesk@ky.gov).
