SUBJECT: New "DSL" Data Communications Service Rate (DC40)

COT is announcing a new network services rate (DC-40) for managed Digital Subscriber Line (DSL). The new service will provide small agencies an alternative solution to our premium, managed-services offerings.

This new service can provide cost saving opportunities but agencies must recognize that DSL connections have service limitations. A thorough business risk analysis should be performed with COT before agencies enroll in the new service plan.

For additional information, you may contact the Commonwealth Service Desk at 502-564-7576, or by email at CommonwealthServiceDesk@ky.gov. You can also review the DC40 FAQ's online at www.dc40faq.ky.gov
