

AGENCY CONTACT MEMORANDUM

#2019-0103

TO: Agency IT Leadership, Technical Contacts
FROM: Chuck Grindle, Chief Information Officer
DATE: January 14, 2019
SUBJECT: Oracle 11g Obsolete – 31 Dec 2020

Please be advised that the Oracle Corporation will end support for all versions of Oracle 11g on December 31, 2020. The Commonwealth Office of Technology has adopted Oracle 12c as the Enterprise standard for Oracle databases. All new Oracle database requests will be created using 12c or 18c upon request.

Agency applications relying on Oracle 11g will need to be upgraded. The Commonwealth Office of Technology will begin contacting agencies soon to prepare for this transition. In collaboration with the COT Project Manager and support teams, agencies will be responsible for developing application testing plans to promote a smooth transition. All Oracle 11g database migrations must be completed by December 31, 2020.

Please direct any questions to the Project Manager, Jeff Bell - 502-782-4689 or Jeff.Bell@ky.gov.
