AGENCY CONTACT MEMORANDUM #2012-0401

To: Agency CIOs, Technical Contacts
From: Steve Rucker, Commissioner
Commonwealth Office of Technology
Date: April 18, 2012
Subject: iPad data plan discount

As interest in the iPad continues to grow within the state's tech community, please remember that all data plans for state-owned mobile devices should be activated through the state AT&T contract to qualify for a 20-percent data plan discount.

Although data plans are not required for 3G/4G-equipped iPads, should your agency choose to activate a device on the AT&T data network, please reference the AT&T master agreement number to receive the discount:

AT&T data plan master agreement number 758-0700002372.

If your agency plans to purchase iPads, please reference the following master agreement number when ordering:

ProSys master agreement number for iPad purchases 758-1100001000.

Data plans purchased with a pro card are not eligible for the state discount. If your agency purchased an iPad data plan with a pro card, please contact your wireless coordinator and ask that individual to switch it to the state contract so the Commonwealth can realize the cost savings.
