### Client Computing Device Support *(standard desktop offering- see hardware description for specs)*

<table>
<thead>
<tr>
<th>CC10</th>
<th>Per standard Endpoint per month</th>
<th>$60</th>
</tr>
</thead>
</table>

This rated service is applicable to agencies that participate in the Commonwealth Office of Technology’s managed client support services. The CC10 service model is tailored toward standard desktop computers. Devices previously purchased by agencies will become the property of COT. Agencies may incur additional costs associated with bringing existing hardware and software into compliance with Enterprise Standards. If agencies elect to upgrade hardware beyond the standard CC10 service, they will be moved into the appropriate rated service tier that meets the hardware requirements. All added hardware becomes the property of COT. Costs for endpoint services not included in this service description may be charged to the agency at the appropriate hourly rate. All endpoint computer equipment will be owned and inventoried by COT. All original equipment and accessories must be returned to COT at the end of use or a residual value fee will be assessed.

### CC10 Includes the following HARDWARE

The CC10 service rate includes the following configurations for new hardware procurements:

**Minimum Specs Description**

*Hardware specs subject to change without prior notification due to industry changes in hardware configurations.*

*When available, existing hardware may be re-deployed under this rate and could deviate from the published minimum configurations for newly procured hardware.*

*Monitor not included*

- Toll free support number: 800-372-7434
- E-mail: CommonwealthServiceDesk@ky.gov

To Initiate New or Additional Services please contact your approved agency contact.

CC10  Additional Service Clarifications

* On-site availability - As a first support tactic, Field Service Technicians may use Live-
Remote-Assistance tools to efficiently resolve technical requests before driving to client
sites.

Hardware and software provided will meet the Enterprise Standards in effect at the time the
hardware is procured, unless upgraded at COT's discretion.

Agencies are responsible for meeting normal environmental and power requirements as
defined by equipment manufacturers.

Agencies are responsible for working through COT to acquire appropriate network
bandwidth for both customer use and remote support.

Agencies are responsible for working through COT to acquire appropriate network storage
space to ensure Commonwealth data is not stored on local device drives.

Note: In assuming responsibility for infrastructure management, COT tracks the physical location of
the IT asset provided in this service category. Agencies needing to relocate the asset should contact
COT to coordinate any move of the equipment. Moves may incur additional charges. Agencies
assume all responsibility for equipment damage that occurs during unauthorized moves.

Agencies will incur a cost for equipment replacement under the following conditions:
1) New Device: COT will cover the cost of the standard device configurations under this
service when a desktop device is procured and installed. At that point, the monthly service
rate will start for the device.
2) Refresh: When a system is refreshed as part of the refresh cycle, the items listed above
apply. When the device is acquired and installed, the monthly rate will continue.
3) Upgrade: When a COT approved system upgrade or replacement occurs at a time other
than during a planned refresh, the device will move to the appropriate rated service tier.
4) Lost or Stolen Equipment: It is the agency's responsibility to report lost or stolen
equipment immediately to the Commonwealth Service Desk. In cases of theft, a valid police
report is required. Replacement fees will apply.
5) Damaged Equipment: It is the agency's responsibility to report equipment damage
immediately to the Commonwealth Service Desk. Equipment damage not covered under
warranty (ie water damage, cracked screens or cases) will result in repair/replacement fees
charged directly to the agency.
Commonwealth Office of Technology
Rated Service Description

Agencies will NOT incur an equipment replacement charge under the following conditions:

1. Relocation of a device will not result in further equipment charges. **Note: Hourly installation fees will be assessed for agency moves to recoup personnel charges.

2. When a trouble ticket is issued by a user and the technician determines replacement of the device is warranted, an available machine may be used as a loaner until the original device is repaired/replaced. Factors considered when determining whether replacement is warranted include: user down time, the criticality of the service the user provides in their job duties, and technician time required.

* Peripherals are the customer's responsibility after the manufacturer's warranty expires.
